

Policy Number: 13
Effective Date: 10/1991
Revised Date: 5/1/2019
Applicability: Shipping of Hazardous Materials Policy

Purpose

To ensure the shipment of all hazardous materials is conducted in compliance with the Department of Transportation (DOT) regulations governing the classification, marking, description, labeling and packaging of hazardous materials in commerce.

Policy

Hazardous materials must be properly labeled, packaged, marked and classified according to all DOT regulations. No person can offer a hazardous material for shipping unless they are a certified DOT shipper and trained according to DOT 49 CFR 172, Subpart H.
